Teacher Feature

José Cabrera

Guitar, Bass

José holds a Bachelor of Music in Jazz Studies from the University of North Florida in Jacksonville, where he studied with world-class Jazz guitarist Barry Greene. José also studied classical guitar at the National Conservatory of Santo Domingo for two years. He is currently the guitarist and background vocalist of the Latin Jazz/Salsa band 'Son Salvaje', as well as the Funk/Jazz/Rn'B group called 'Brute Force Funk'. Other interests include music software, audio engineering, computers, video editing and orchestral composition. José's desire to play guitar began at around the age of 14, when he saw a couple of friends play in a school recital. This was the defining moment that inspired him to play this intricate instrument for the rest of his life. At age 16, he began studying advanced music theory and playing in a rock band that performed music from known bands such as Metallica, Pearl Jam, Nirvana. José has been teaching guitar privately for over 4 years and joined the Music Showcase faculty in the Spring of 2010.
